Are you:

- Interested in starting a new hearing voices group or supporting an existing one in your area?
- Are you interested in learning about and helping to spread an approach that is totally different than conventional clinical approaches on voice hearing and is changing lives?
- Someone who hears voices, sees visions, or has other similar experiences OR an ally to the movement (providers, etc.)?
- Someone with group facilitation experience and/or lots of potential as a group facilitator?

If you answered yes to all these questions, then you may be the perfect candidate for this training.
